Bob, I just talked with Dave. He said he has half-finished an email to the tech group detailing where things are at drilling-wise. In a nutshell, it sounds like he has things lined up (drilling

contractors, water/waste disposal, off-site property access, etc.), so if Kristen could review the message/proposal when it comes out and provide feedback/concurrence tomorrow or Wednesday, he thinks he can get the drilling scheduled for this month. We'd still have to wait 3 days for the Driller's Hotline utility locate, but otherwise he said the drillers appear ready to proceed (pending approvals).

The other variable now will be weather. The forecast for later this week includes highs in the low 20s with some snow.

Chris,

Can you ask Dave if he needs to reschedule drilling because we can't have our discussion until Thursday? I am trying to let Bristol know because I planned to have a Bristol field person observe the drilling work.

Thanks.

How about 3 PM tomorrow? I have to drive to Superior at 4:30 so we'd need to be done by then.

The Wednesday options do not work for me, so the next openings would be Thursday afternoon or on Friday.

Good Afternoon Bob,

I look forward to the 10 am call tomorrow morning with yourself, Tom Kady, and Sherry.

I understand that you were looking for a second call in the afternoon with the State and Rei. The proposed time of 2 pm conflicts with a required conference call scheduled from 1:30 pm - 2:45pm. I also understand that the suggested time of 2:45 will not work with your schedule.

I cannot make the 12:30 time you suggested tomorrow.

I am available,

Tuesday 2:45 - 5

Wednesday 11-1 pm, 2:30 - 5 pm

Thursday 7am -10 am, 12:30 - 5 pm, and

Friday 12pm - 5 pm

I will be back in the office tomorrow morning at 7am.

Kristen
